

HERE ARE 5 REASONS WHY YOU SHOULD CHOOSE A CAREER IN CYBERSECURITY

UNLIMITED GROWTH

Cybersecurity presents the ultimate growth potential for you. In this industry, learning never stops because technology is ever-evolving. Hence, the skills needed in this profession has to be continuously developed.

IT'S NOT BORING

You'll get the chance to work directly with technologies that you can only dream of. From robots to cars to websites, applications, etc - the variety is infinite! If it uses ones and zeros, chances are it has a cybersecurity component.

LOW UNEMPLOYMENT

There are more than a million unfilled jobs in cybersecurity. As threats and attacks become more frequent and sophisticated, the demand for professionals greatly outnumber the existing experts in the field.

COMPETITIVE SALARY

Cyber threats are everywhere, the dangers are extremely high, and there aren't enough highly skilled workers to meet the demand. That's why companies are willing to pay high salaries to skilled cybersecurity professionals

REWARDING WORK

Cybersecurity matters. It has impacts that extend beyond the digital world and into the physical one. If you want to work on IT issues that have real-world impact, this might be the discipline for you.
